Project Name: “Rotary Chhahaari” Fruit Forest Project

Date: 28th July 2026

Venue: Shree Janak Secondary School, Namobuddha, Kavre

Rotary Club of Kathmandu Height organized,

“Rotary Chhahaari” Fruit Forest Project at Shree Janak Secondary School, Namobuddha, Kavre **supported** by Sanskriti Farms and Research Center, Rotary Club of Cranbrook Sunrise **and** Rotary Club of Colombia Center **from** Rotary District 5080 **under the project** name **“Nepal School Support Initiative”**.

Project is aimed to **promote** “Environmental conservation , food security”

The event saw active participation from Rotary members, Family members, Local stakeholders; including school officials and community leaders.

Rtn. Shree Krishna Dhital, President of the Rotary Club of Kathmandu Height and agricultural expert; led technical demonstrations on planting and soil management. Preparations included pit digging and organic fertilizer application to enhance early growth.

A total of **700 fruit and nut trees**; such as apple, peach, apricot, plum, lemon, pear, macadamia, and walnut was **distributed** to students . **Total 10 plants** were also **planted by Rotarians** at the unused farmland operated by the school. The *School Management Committee* committed to regular care and maintenance, while the *Rotary club* will conduct quarterly follow-ups.

Aligned with *District Governor, Vishnu Bahadur Karki’s* campaign to plant **100,000 saplings across Nepal**, this initiative reflects Rotary’s dedication to environmental sustainability and community welfare.

With a *total cost of USD 3000 Dollars* (excluding transport and fellowship), this project stands as a model of **collaborative and impactful service**.
